RE: Docket No. 02-6

Dear FCC:

We wish to appeal the denial of Funding Request Numbers 1051577 and 1050460, Year 2003-2004. At the time, we did not realize that the service provider we chose was not an eligible service provider. We have chosen a new service provider, and can provide all the paperwork necessary. Please consider our request. Thank you for your time.

Sincerely,

Loren R. Luman  
Business Manager
